Bay Shore Foliar meets National Organic Program requirements for organic production.

Bay Shore Foliar contains NO Genetically Modified Organisms.

This product is intended for use according to an approved organic system plan.

All ingredients in Bay Shore Foliar are either allowed nonsynthetic substances or synthetic substances allowed for use as plant or soil amendments per 7 CFR 205.601(j)

It is each certified organic grower's responsibility to get approval from his/her certifying agency before using this product. Because of differences among the various certifying agencies, and differences between NOP/EU/JAS/COR ingredient lists, AgriEnergy Resources cannot guarantee that our products will be allowed by your certifier on your farm.
